### PNG LNG PROJECT COMPLETES OFFLOAD OF PIPES AT KOPI SHORE BASE

#### Photo Caption:

The PNG LNG Project pipeline team poses for a group photograph to celebrate 100% success in shipping and offloading 40,000 pipes at Kopi Shore Base without a single safety incident.

The pipes will be used in the construction of the 292-kilometre onshore pipelines.

The Project is making good progress toward the 2014 start-up window, recently celebrating the first weld of the onshore pipeline.

Safety is the highest priority at the PNG LNG Project and the Project remains focused on protecting and promoting the health and safety of its workforce.
