PNG LNG DELIVERS SPORTING EQUIPMENT TO SCHOOLS

FROM LEFT TO RIGHT: PNG LNG Project Stakeholder Engagement Team Lead, Patrick Marco presenting sporting equipment to the Bu Yebi High School Headmaster Mr Benjamin Noma and Deputy Headmistress Mrs Margaret Tawinina.

The PNG LNG Project surprised some schools in the Project area recently when a team stopped by to deliver sporting goods including rugby balls, volleyballs, basketballs and soccer balls. The equipment was delivered to seven schools along the Highlands Highway Ring Road.

The PNG LNG Project team was visiting the schools to discuss proposals under consideration through the Project's Rapid Implementation Project (RIP) program. The RIP program identifies small community projects that can be quickly and easily implemented, and covers small grants for materials or small community works projects.
